DESCRIPTION

I am a passionate communicator and proactive leader with a Bachelor's degree in Communication Science from Universitas Bhayangkara Jakarta Raya. My journey reflects a balance between academic excellence, organizational leadership, and professional growth. I have led various student bodies, engaged in national-scale infrastructure projects, and contributed to corporate sales through telemarketing. Certified in public relations and multimedia, I bring a unique blend of creativity, strategy, and execution. With strong communication skills, adaptive thinking, and a commitment to social impact, I am driven to make meaningful contributions in every role I take on.

WORKING EXPERIENCE

PT. Axa Financial Indonesia, Jakarta 2025 (3 months)

Telemarketing

- Conducted outbound calls to prospective clients to promote insurance products, focusing on health and life protection plans.
- Delivered clear, persuasive product presentations tailored to customer needs and objections.
- Maintained daily sales activity targets and contributed to weekly team conversion goals.
- Built client trust through active listening and accurate information delivery.
- Improved communication and negotiation skills in a fast-paced sales-driven environment.

PT. Asri – Praya, KSO, Kalimantan 2024 – 2025

Head of Logistics (Material Procurement) Bridge Construction Project: Kalimantan Island – Laut Island

- Managed end-to-end procurement processes, ensuring timely and accurate delivery of construction materials based on project requirements.
- Coordinated with vendors and suppliers to secure high-quality materials and maintain consistent supply for large-scale infrastructure work.
- Developed and optimized inventory and logistics management systems, including stock control, reporting, and documentation.
- Collaborated closely with engineering, finance, and operations teams to align procurement with project timelines and budget targets.
- Applied data-driven logistics strategies and resolved distribution challenges in remote locations through effective planning and execution.
